

Policies and Fees

Follow Up Appointments

Follow up appointments are required to ensure the remedy is helping to move the person toward healing. Appointments will be charged at a rate of \$75 for 30-45 minute appointments. Each member of the family must have their own appointment.

Family Rate

If you have 3 or more people active in my practice, follow up rates will be discounted 20% to a rate of \$60 for each member. Family appointment for 2 or more people will be available on the website. Per person rates will be reflected in your invoice.

Reestablishing Care

If we haven't had contact in 1+ years, a 90 minute appointment at a rate of \$200 will be required to reestablish your healing baseline.

Ad Hoc Acute Appointment

For established clients only. \$75 for up to 3 days of care (including text updates, daily check ins, and potential remedy changes). If illness lasts beyond that it will be charged at \$25/day. *Availability will vary. If I'm not available due to other commitments (or if it is your preference), Homeopathy Help Now (homeopathyhelpnow.com) can often provide immediate acute care.*

I have read and understand these policies and fees.
